

Cameron Enterprises

Heather Cameron Interior Design

Getting ready to sell your home?

Let me stage it for you to optimize its best features.

Moving into a new home?

Let me suggest the space and furniture arrangement as well as selection and placement of accessories.

Just need a new, fresh, updated look to your current home?

Let me showcase your existing furnishings and recommend color, fabric and furniture selections where desired. I have Designer Showroom access! I also have an expert in floral design who can rearrange your silk flowers or create new floral centerpieces or wall arrangements with high quality silk flowers and greenery.

Throwing a big party and want a festive atmosphere throughout the house?

I would love to prepare your home for a special occasion. Everything from tablescapes to the mood candles in the bathrooms!

Time to decorate your home in a Holiday Theme?

Just tell me what you have in mind and give me the opportunity to show you what I can do.

Call me for consultation and estimate.
